# ECOQUAD-S

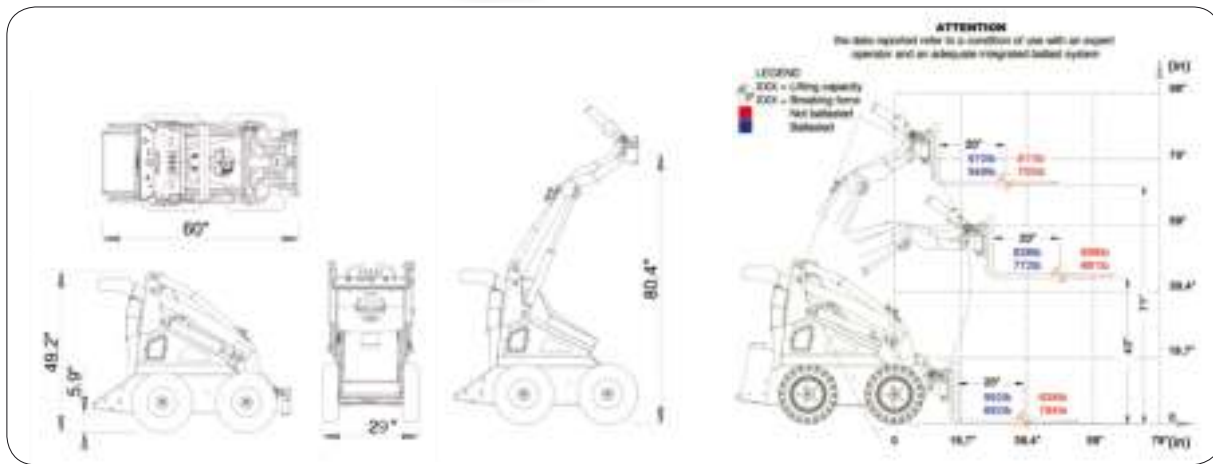

Engine capacity  
5,7 kW

Lifting capacity  
992 lbs

Hydraulic system  
5,5 gal/min

The dimensions refer to machines with standard wheels

## SSQ ECOQUAD-S

Engine: Permanent magnets  
Revolutions per minute: 2500  
Battery Type: traction battery  
Voltage: 36V  
Battery capacity: 240Ah  
Drive system: Hydrostatic 4WD wheel motors  
Hydraulic tank capacity: 4 gal  
Standard tyres: 4.00-8 Forklift  
Steering: Skid steering  
Weight: 1874 lbs
